**My Resolutions**

I want to be a good girl, so I reflect on myself and try to make improvements.

I have a problem in my learning. My English and Maths skills are poor. Therefore, I am going to do Maths and English exercises and read more English books. Then my skills will improve. I can get As in the next examination. I will not fail my examination again.

Also, I have a problem with my eating habits. I do not like eating fruit. I seldom eat fruit but I want to be healthier. I am going to add fruit into my desserts. After doing that I will have a balanced diet. So I will eat more fruit and I will be healthier.
