Hong Kong is a cosmopolitan city. It mixes Eastern and Western Culture. Hong Kong is named 'shopping paradise', 'gourmet food paradise' and 'Oriental Pearl'. Hong Kong is very beautiful. You can go to The Peak and look at the view of Hong Kong. You also can see some tall architecture like the International Finance Centre.

Do you know where Ocean Park is? Ocean Park is one of my favourite places. It is located in Aberdeen. You can visit the aquarium in the park and play some amusement games, then you can enjoy the food inside the themed restaurant. You can ride on the cable car too.

Sai Kung is a lovely place too. Do you know what you can do there? You can go hiking, do water sports and fishing. You can enjoy some fresh seafood there too. Oh! Do you want to join a boat trip? It is very fun! You visit the islands by boat.

In conclusion, I suggest you go to Ocean Park and Sai Kung. Ocean Park is full of fun excitement. For Sai Kung you can enjoy yummy seafood and do water sports. It is worth going to both places! And I'm sure it will be an unforgettable memory.
