**Good Behaviour of My Friend**

Kariz is a great friend. She is ten years old. She has brown hair, a small nose, small mouth, big eyes, brown skin, wavy hair and she is tall. She is kind, nice, funny, helpful and polite.

She behaves well at school. She always helps the teachers and never talks with classmates in the class. At recess, she never fights with other students or causes any big trouble. She always teaches her classmates to do their homework but she never lets them copy.

She always helps with the housework at home. I love my friend Kariz because we never fight or ignore each other. We always listen to each other and we hope we'll never be apart. She has been my friend since my first day of kindergarten. I think we will be friends forever.
